## ***YO!Fest Info***

EYE2018 shall take place on 1 and 2 June 2018 in the European Parliament's seat in Strasbourg. It is a unique opportunity for young Europeans to make their voices heard. During the event, they will:

Come up with ideas for the future of Europe; Discuss with European decision makers; Join more than 8,000 young people from all over Europe

For the third edition of the European Youth Event in Strasbourg, the European Parliament is once again seeking to build a platform for regular and continuous dialogue between young people and key European decision makers.

The Yo!Fest programme for 2018 is about engaging with young people by providing a space for discussion, debate and learning. The programme focuses on topics young people find interesting and relevant using engaging and innovative methods.

The Yo!Fest programme is mindful to not just 'talk to the youth sector' but rather broaden the relevance to mobilise young people in to social action. The Yo!Fest programme will bring together key stakeholders from policy areas that influence the lives of young people to engage in open, two way dialogue. All programme content is rooted in solutions and outcomes to ensure Yo!Fest 2018 has a lasting legacy.

Learning Activities - These included in the Yo!Fest programme aim to provide young people with a new skill or deep understanding of a given topic.

**General concept of the hubs:**

- Objectives will be in line with the Yo!Fest 2018 concept note: we must create a meaningful space for discussions that are solution orientated with outcomes that contribute to the Yo!Fest legacy;
- Issues that will be discussed and the objectives we strive to achieve must be focused on young people;
- Each hub will focus on 4-5 issues, and activities that will be organized in those hubs will tackle solutions to those issues;
- The themes of the hubs (set by the European Parliament) will be interpreted in a positive and constructive way

**Programme**

Shaping the programme of such a large event is a bit like putting the pieces of a puzzle. Put the right pieces in the right place and you'll get the big picture! • Target: 150 panels and workshops (both indoor and outdoor)

-50 panels by EP (10 per theme); -Around 40 panels by EP partners

-Around 15 panels by YFJ; -Slots for activities by YO!Fest partners AND other CSO/institutional partners (complementary approach!)

-But also games, animations and artistic performances!; -Dynamic indoor/outdoor

## YO!Fest 2016 - PREVIOUS EVENT

On 20-21 May 2016, the European Parliament in Strasbourg opened its doors once again and welcomed 7,500 young Europeans, who had a unique opportunity to meet and discuss with European decision makers. Participants were encouraged to come up with their own ideas for how to improve Europe under the event's slogan: "**Together we can make a change**". EYE2016 featured hundreds of engaging activities, such as debates, hearings, workshops and digital games all centered around five themes:

War and peace: Perspectives for a peaceful planet

Apathy or participation: Agenda for a vibrant democracy

Exclusion or access: Crackdown on youth unemployment

Stagnation or innovation: Tomorrow's world of work

Collapse or success: New ways for a sustainable Europe

As follow-up to the event, a team of young reporters coordinated by the European Youth Press drafted a comprehensive report, which outlined 50 of the most substantial ideas that were raised under the five themes. The report included exclusive interviews with speakers, MEPs and participants, a series of info graphics, graphs and social media content, as well as a political commentary from the European Youth Forum. The ideas showcased in the report were circulated to all MEPs. In addition, participants presented and debated their ideas within ten parliamentary committees in the months after the event.

( [http://www.systemandgeneration.com/en/news/p2\\_articleid/183](http://www.systemandgeneration.com/en/news/p2_articleid/183) ) .

We created special Facebook group where we were sharing all events, pictures and articles related to the project. The people and organizations that we sent the game to have access to the page and were able to publish pictures from their workshops with the game (<https://www.facebook.com/groups/1827837090874248/?fref=ts> )

Winning the Eurodesk Network Award for 2017 gave huge visibility to the project on European and international level (<https://www.youtube.com/watch?v=O17k-Bwx64&t=8s> )

We created several videos to promote the game ( <https://www.youtube.com/watch?v=2tIs1M3tnY8> )  
(<https://www.youtube.com/watch?v=epC9EhSi3p4&feature=youtu.be> ) .

For better understanding of the game we created explanation video with the rules of the game :
